

PRODUCT SPECIFICATION SHEET

PectiFy™ SC50 Pectin

DESCRIPTION

PectiFy™ SC50 Pectin is a extra slow setting purified high methoxylpectin, extracted from citrus peel and standardized with sucrose.

APPLICATION

Jelly and gummy

BENEFITS

- **Gelling Properties:** SC50 Pectin acts as a gelling agent, helping to create the characteristic gelatinous texture of gummy candies. It provides the structure and firmness that are essential for gummies.
- **Texture Improvement:** The addition of SC50 Pectin can enhance the mouthfeel of gummies, making them smoother and more enjoyable to chew.
- **Reduced Sugar Formulations:** SC50 Pectin allows for gelling at lower sugar concentrations, enabling the production of gummies with reduced sugar content while maintaining the desired texture.
- **Stabilization of Gummy Structure:** SC50 Pectin helps stabilize the structure of gummies, preventing syneresis (the release of liquid) and maintaining a consistent appearance and texture.
- **Improved Clarity:** SC50 Pectin can contribute to the clarity of gummies, reducing cloudiness and ensuring a visually appealing product.

TYPICAL USE LEVEL

Recommended dosage 0.4-2.0% by total weight.

SPECIFICATIONS (Reported on Certificate of Analysis)

Property	Specification
Loss on Drying, %	12Max
Degree of Esterification, %	58-62
Galacturonic Acid, %	65Min
Grade(USA-SAG) , °	150±5
pH (25 °C, 1% solution)	3.0-3.8
Total Plant Count, cfu/g	5,000 Max
Yeast & Mould, cfu/g	100 Max
E. Coli , MPN/g	Absent
Salmonella /25g	Absent in 25g
Staphylococcus Aureus	Absent in 25g

REGULATORY COMPLIANCE

Conforms to the definition and specifications from JECFA (FAO/WHO), FDA 21 CFR and European Commission Regulation 231/2012/EC. However, we recommend that the user ensure that this product is in compliance with the local regulations in force, particularly in the country where the product is to be consumed.

STANDARD PACKAGING

Packed in 25 kg paper bags. All packaging material complies with FDA and EU food contact legislation.

SHELF LIFE AND STORAGE CONDITION

When stored in a roofed and well-ventilated area in the unopened original package, the product may be stored up to 730 days (24 months) from date of manufacture. Shelf Life/Best Before period is based on purity and identity specifications and is the guaranteed period through which we guarantee that the products are in compliance with the purity and identity criteria defined in the regulatory compliance section.

OTHER CHARACTERISTICS

SC50 Pectin is produced from natural raw materials, thus batch to batch variation of color, flavor and odor may occur.

GMO STATUS

PectiFy™ SC50 Pectin does not consist of, nor contain, nor is produced from genetically modified organisms according to the definitions of Regulations (EC) 1829/2003 and Regulations (EC) 1830/2003 of the European Parliament and of the Council of 22 September 2003. For the raw materials having the potential of being produced from genetically modified organisms we have obtained written information from our suppliers stating that the raw material are not produced from genetically modified organisms according to the definitions of the above mentioned EC Regulations.
